

Digital Learning Solutions Operational E-bulletin

New Look Tracking System—In Development

Development is underway to refactor the Tracking System to bring it in line with the new Learning Portal and Learning Menu released to all centres on 12th April.

Following on from the excellent contribution made by centres at previous focus groups to develop the new Learning Portal and Learning Menu, we'd like to encourage centres to take part and help us shape the future of the new Tracking System.

Now is the time for administrators to have their say. We especially want you to get involved if you have experienced issues, have noticed something which could be improved or you have some ideas that will make using the Tracking System even better - no matter how big or small.

We need YOU to join our focus groups...and TELL us what you want.

These 75 minute focus groups will be held at the start of each development phase and will focus on a specific area of the Tracking System. Attendees will be given the opportunity to discuss and make suggestions to proposed developments and see developments agreed at previous focus groups.

Following development there will be an opportunity to test the agreed changes and of course you will be invited to be early adopters of the new Tracking System once it is released from the testing phase.

We know you are all busy people so we can't expect you to commit to all of our focus groups, we'd suggest picking one or maybe two dates, then click the link below to book your place using Eventbrite. We are also happy for participants to join any part or all of the session.

WE WANT YOU

[DLS Focus Group 5](#) - Friday 11th June 09:30 to 10:45

[DLS Focus Group 6](#) - Friday 18th June 09:30 to 10:45

[DLS Focus Group 7](#) - Friday 25th June 09:30 to 10:45

Microsoft Teams Training—Available now

[See the April bulletin for further information](#)

Digital Learning Solutions Training Webinars

Tracking System Monthly team training webinars are now available to book. To see dates and book a place with Eventbrite click [here](#).

Content Management System (CMS) The CMS System enables centres to create bespoke courses using national DLS content. Click [here](#) to view training dates and register for your preferred date.

Hosting Content Want to learn more about hosting your own in-house content on the Tracking System? Raise a ticket on the Tracking System and let us know your availability for a 30 minute webinar.

Self Assessment Raise a ticket to book an overview to see how your centre can utilise self assessments for learners.

Top 10 centres
