IT Skills Development E-bulletin

Vicki Who?

Who knows our team member Vicki Wilson? Well, following her marriage on 12 October she is now Vicki Wright. The rest of the team here are struggling to remember this name change but you can all still contact her on it.skills@nhs.net. Congratulations to both Vicki and her new husband "Lefty". Please bear with us if emails take a little bit longer to respond to whilst she is away on her honeymoon (lucky thing!)

Pathway elearning:

No. of learners in September	7085
No. of learners accessing since 1st July 2012	9413

NHS MOST:

No. of exams completed in September	402
No. of exams completed since 1st July 2012	1220

Help us test Level Two and Three materials

As we produce the elearning materials for Level's Two and Three we continue to need your help in testing them.

Thank you to those who have already come forward and are helping us to test. If however, you have not come forward yet but are interested in testing the new materials then get in touch by emailing us at it.skills@nhs.net and we will you add you to our list.

The next application to be released for testing will be **Level Two PowerPoint 2007**. This will be sent out in December when testers will have two weeks to review and submit their comments. As with all of this testing, testers will be allocated one section to test (so that it doesn't become too unwieldy) but are free to test more if they have time.

If you are interested in helping us with the PowerPoint 2007 testing then let us know by emailing it.skills@nhs.net. You can also email us if you want to test future applications.

Level Two Learning Materials Update

We are very busy at the moment with more Level Two learning materials development for the tracking system.

Having released both Word and Excel 2007 Level Two learning materials to the tracking system, we are now testing the first of our Level Two 2010 courses which is Word (see the screenshot for actual proof!). We know that many of you are waiting patiently for the 2010 courses so hopefully you'll be pleased to hear this. At the same time we are also testing the 2007 Outlook materials. As is the case with the existing Level 2 materials, these will all be accompanied by video demonstrations. See Issue 11 of the bulletin for more information about the videos.

Level 1 Materials now released to NLMS (NHS Sites Only)

ESR Electronic Staff Record

USER NOTICE		Number	UN1638
Update to National e-Learning Courses		Sheet	1 of 2
		Date	9 Oct 12
Purpose	To advise users of changes to the national e-Learning content		
Intended Audience	All e-Learning Users		

SUBJECT
Changes to national e-Learning content in ESR

DETAIL

New Courses
The following national e-Learning courses are available in ESR from 15th October 2012.

MOST Microsoft Office Skills Training

Course Name	Provider
000 Entry Level NHS ELITE – Windows XP / Office 2003	Department of Health
000 Entry Level NHS ELITE – Windows 7 / Office 2010	Department of Health
000 NHS Ready for MOST (Level 1) - Office 2007 Essentials	Department of Health
000 NHS Ready for MOST (Level 1) - Word 2007	Department of Health
000 NHS Ready for MOST (Level 1) - Excel 2007	Department of Health
000 NHS Ready for MOST (Level 1) - PowerPoint 2007	Department of Health

The NHS MOST courses are all accessed from a new server which organisations will need to ensure they have allowed through any firewalls or proxy servers:

Our Entry Level elearning (NHS ELITE) has been available for some time on the National Learning Management System (NLMS) and we're delighted to tell you that it's been joined by the 2007 Level 1 learning materials.

All of this learning appears as National Content and will soon be joined by the 2010 Level 1 learning materials and our new Level 2 courses too.

For more information, please visit:

Stuck with an IT Training Problem?

Do the sensible thing...............

This month, Maude has been getting lots of calls about Level 2 learning

"Hi Kim, yes they can but for added security you will need to authorise their access first."

"Hello, this is Maude, can I help you?"

"When they first register from outside of an approved network, they'll be told about this…"

"Hi Maude, this is Kim. Can my learners register for the new Level 2 (MOST) materials from home?"

"You can then authorise the access from a new tab in the Delegates section"

Ask Maude

Is your neck hurting from reading this sideways on your screen yet? Or have you discovered Ctrl + Shift + Minus?
